RAN ASHORE IN A FOG.

An Ocean Liner Meets With Disaster
North of Cape Race.

MAD SCRAMBLE FOR LIFE FOLLOWED.

Five Hundred Passengers Became
Panicked and Were Subdued
Only After a Fierce Struggle.
Twenty Reported Drowned.

St. Johns, N. F., June 26.—The Orient Steam Navigation company steamer *Lusitania* (Captain McNay) from Liverpool, June 18, for Montreal, having 300 passengers on board, grounded off Cape Ballard. The *Lusitania* was bound round Cape Race for Montreal, with a large cargo and a shipload of passengers. She mistook her course in a dense fog and went ashore near Renewes, 20 miles north of Cape Race, before daybreak. The ship ran over a reef and hangs against a cliff.

The passengers, who are mostly emigrants, were panic stricken. They stampeded and fought for the boats, but were overcome by the officers and crew who secured control after great trouble and a prolonged struggle with the rougher element among the passengers, who used knives. The women and children were first landed and the men followed. The crew stood by the ship. A heavy sea was running, but at latest advices the *Lusitania* was holding her own. It was thought likely, however, that she would prove a total wreck.

The disaster occurred miles from the nearest telegraph station. Relief steamers are fitting out to go to the scene of the wreck. It is said the large cargo will be salvaged. It is reported here that a boat load of people from the *Lusitania* was upset and that 20 persons were drowned.

The latest reports from the scene show that the wreck of the *Lusitania* did not result in any loss of life. All the passengers escaped, although several of them were injured. The missing boat load of passengers landed safely.

Filipino Rascal to Be Hanged.

Washington, June 26.—The records of several court martials of Filipinos have been received at the war department from Manila. A native sergeant of police, Pablo Tabares, ordered two of his policemen to induce Private George O. Hill, Company H, Eighteenth infantry, to enter the sergeant's house in the pueblo of Cabatuán. Once in Tabares treated the American with lavish hospitality and pressed glasses of vino upon him until the soldier was badly intoxicated. The sergeant then ordered the two policemen to take the unfortunate man outside the pueblo and kill him. He was found guilty of murder and also of arson, having caused about 500 dwellings in Cabatuán to be burned. He was sentenced to be hanged.

Work of Anti-Clerical Mobs.

Valencia, Spain, June 26.—A mob of anti-clericals surrounded a church here while jubilee services were proceeding, smashed the windows and blocked the doors to prevent the departure of the procession. Many women fainted and a great uproar ensued. The police finally enabled the procession to start. The mob then proceeded to the archbishop's residence and to the Carmelite convent and broke the windows of those buildings. A placard has been posted in several of the churches at Gijon, announcing that all the churches of the diocese will be burned. The churches of the villages of Noreña and San Juan have already been destroyed by incendiaries.

Italy Pays No Bounty.

Washington, June 26.—An official statement from the Italian government was communicated to the state department to the effect that Italy paid no export bounty on sugar. This action by the Italian authorities follows eight days from the issuance of Secretary Gage's treasury order suspending the liquidation of all sugar imported from or produced in Italy on the ground that the treasury had information leading to the belief that Italian sugar received a bounty.

Charges Against Minister Wu.

Philadelphia, June 26.—At a meeting of the Chinese-American society held here resolutions were unanimously adopted protesting against the selection of Wu Ting Fang, Chinese minister, as orator of the day at the Fourth of July celebration in this city. The resolutions allege that "Mr. Wu covertly aided the Boxers in their massacre of the Christians in China" and "has been misleading the public by his statements in regard to his position toward them."

Jubilee Procession Attacked.

Pampolina, Spain, June 26.—The fact that a soldier omitted to take off

his cap while a jubilee procession was passing led to a serious conflict between civilians and military men during which swords, sticks and fists were freely used. The procession was broken up and many persons were injured. Order was finally restored by the police.

FRAUDS AT MANILLA.

Manager Pitt Acquitted, But the Verdict Will Be Reconsidered.

Manilla, June 26.—Harold M. Pitt, manager of Evans & company, government contractors, who has been on trial on charges of improperly purchasing government stores was acquitted. Four other purchasers of commissary stores were found guilty and fined \$1,000 each. Pitt was acquitted by a military court composed of volunteer officers. Provost Marshal Davis considers Pitt was convicted on his own admissions and has ordered a reconsideration of the verdict. Those sentenced were Clarke and Boldt, a Spaniard named Riva and a Chinaman, Wung Ting.

Bryan on Foraker's Speech.

Watertown, N. Y., June 26.—William J. Bryan was met here by a large crowd. He addressed a large audience at the state armory on "Civilization," and in the evening he lectured again on "The Conquering Nation." In a reply to Senator Foraker's speech at Columbus, O., Mr. Bryan said: "When Senator Foraker says that I am the only intelligent man who does not admit that the defeat of 1896 was a blessing to the country, he makes an unjust reflection upon the intelligence of more than 8,000,000 people, for there are that many who do not believe a Democratic victory in 1896 would have brought disaster to the nation, and they are all sufficiently intelligent to deserve the respect of Senator Foraker."

Killed His Father.

Mount Clemens, Mich., June 26.—Homer Bliss, who was arrested several days ago on suspicion of killing his father, whose badly decomposed body was found on his farm, confessed, claiming it was accidental. According to the boy's confession he found his father June 3 about to commit suicide. In the struggle over the gun he had it was accidentally discharged, Homer says, instantly killing the father. The next day Homer buried the body, leaving it in the ground until June 14, when he exhumed it. Placing it on a wheelbarrow he moved it to the spot where it was found. Here he propped it against a stump and tied the gun to a sapling to make it appear his father had committed suicide.

Admiral Schley on Medals.

New York, June 26.—Admiral Schley, in thanking the Gloucester naval command of Brooklyn for electing him an honorary member of the organization, says in his letter referring to war medals: "Touching the matter of your reference to a medal, I have always believed that nations ought of right to perpetuate the great events of their history, rather than these of the lives of participants, and leave to the judicial calm of historic judgment to perpetuate in bronze those who may have honored themselves by deeds of honor wrought for home, for flag, for country. No, my maxim has been steadfastly, through nearly a half century of service, my country first, last and all the time, after my love of God."

Started by Combustion.

Chicago, June 26.—One employee, H. M. Cutting, was seriously burned, and several other persons were panic stricken by a fire which partially destroyed the wholesale paint and varnish establishment of Devoe & Raynolds, 176 Randolph street. The fire started in the fourth and top story, from spontaneous combustion, the outbreak of flame being followed by several small explosions. In one of these Cutting was hurt. Guests at the Bismarck hotel adjoining and at the Briggs House opposite rushed from the respective buildings, but none were injured. The loss on building and stock aggregates \$70,000.

Philippine War Not Over.

Paris, June 26.—A correspondent of *La Presse* of this city who interviewed Aguilardo, Aguilardo's European agent at Marseilles, previous to his departure for Hongkong, quotes the Filipino as saying that the struggle in the Philippines is far from being over. He admitted that the capture of Aguilardo diminished the chances of success, but he asserted that the Americans, like the British in the Transvaal, will find they are purchasing their conquest too dearly.

Dewey Makes His Will.

New York, June 26.—Senator Chauncey M. Dewey has just made his last will and testament, not because he is ill, but because he sailed for Europe, and he believes in being on the safe side. The ceremony of signing the will took place in the senator's office in the Grand Central station.

BATTLE WITH A MOB.

Police Disperse Striking Laborers After a Brisk Encounter.

OVER THIRTY PERSONS INJURED.

Strikers Attempted to Drive Off Men at Work in the Streets—Tin Workers' Scale Signed.

Labor Troubles.

Rochester, N. Y., June 26.—Striking laborers numbering 1,000 had a brisk encounter with the police, in which 11 policemen and 20 rioters were injured. The rioters set out as several times before, to drive off the laborers who were at work on street improvements. At Mill and Commercial streets they encountered 50 laborers employed by the Rochester Gas and Electric company in digging a trench and advanced on them and drove them from the trench. The workers sought refuge in the power house of the company.

The police reserves were drawn up in a platoon of 50 across the street and upon orders advanced with drawn clubs upon the mob. Immediately the air was filled with bricks, stones and wood, and shovels and picks in the hands of the strikers were used freely. Amid the melee a shot rang out and Sergeant Stein, commanding the platoon ordered the policemen to fire over the heads of the strikers. This had the desired effect. The strikers scattered and the police chased them through the streets to the city hall park, where they were cornered. Police reinforcements were hurried to the scene of the riot, but their services were not required. The injuries sustained by several of the policemen are of a serious nature. The hurts of the rioters were mostly scalp wounds inflicted by the officers' clubs.

Wage Scale For Tin Workers.

Cleveland, June 26.—As the result of a conference between the American Tin Plate company and representatives of the American Tin Workers' Protective Association, which has been in session for several days, a wage scale has finally been agreed upon by the conferees. It is understood the new scale gives the workmen an advance of about seven per cent. The men asked for a 10 per cent increase. The new scale will affect about 30,000 workmen and will go into effect July 1.

Reading Strike.

Reading, Pa., June 26.—Thirty additional Reading railway shopmen struck while six endeavored to return to work, but were refused employment. During the day at the various meetings of the unions represented in the company's system, the men were counseled to remain away from company property and observe temperate habits. It is said that the company in anticipation of trouble with the trainmen has placed extra men on many of the trains.

Machinists Out.

Pittston, Pa., June 26.—Two hundred machinists are on strike at the Coxton yards of the Lehigh Valley Railroad company. Pickets from the strikers' ranks patrol the shops.

Knights of St. John.

Cincinnati, June 26.—A large number of amendments to their constitution were adopted by the Catholic Knights of St. John in their session Wednesday. The salary of the supreme secretary was increased from \$1,000 to \$1,500 a year and the union label was ordered on all future printing. The minimum size of eligible commanders was changed from 10 to 15 members.

Commencement at Harvard.

Cambridge, Mass., June 26.—One of the interesting features of commencement exercises at Harvard was the conferring of degrees. Among those honored with degree of LL. D. were Theodore Von Holleben, German ambassador; Wayne McVeagh, former attorney general of the United States; William Lovell of Massachusetts; Charles Sprague, Boston; James Ford Rhodes, historian.

Brewer Degreed.

Middletown, Conn., June 26.—The annual commencement exercises of Wesleyan university were held Wednesday. There were 67 members in the graduating class, the largest in the history of the university. The degree of LL. D. was conferred on David J. Brewer, associate justice of the supreme court of the United States and Hon. Charles Emory Smith, postmaster general.

Young Succeeds Shafter.

San Francisco, June 26.—General Samuel M. B. Young, who is to succeed Major General Shafter in the command of the department of California, has arrived in this city from the east, accompanied by his daughter. He will assume command July 1. General Young says there will be no change in the personnel of the department at present with the exception of aides, who form the personal staff of the general.

London, June 26.—During artillery practice on the Isle of Wight the breech of a 12-pound rifle blew out, killing Captain A. LeM. Bray of the Royal regiment of artillery and one enlisted man, and wounded eight others, three of whom will die. Colonel A. J. Nixon of the same regiment was slightly wounded by the explosion.

A REAL REPUBLIC

Cuba Must Be, Otherwise Your Uncle Sam Will Act.

New York, June 26.—The next issue of *The Independent* will contain a paper under the caption "The Pacification of Cuba," written by Senator Orville H. Platt. In closing the writer uses these words: "One question must be asked. Will the new government succeed? Some conditions in Cuba are favorable to success, some are not. The United States cannot be satisfied with the ordinary South American republic there. It must be a real republic that will insure our peace and quiet and safeguard our interest there. A mere paper republic, with a virtual dictator, or constantly recurring revolutions, would be nearly as disastrous to Cuba and dangerous to the United States as was the Spanish domination to which we put an end."

King Edward's Wine Sold.

London, June 26.—The second day of the auction sale of King Edward's sherry drew a large attendance. Many well known Americans were present and they were among the most active bidders. Wines from the Buckingham palace cellar were sold off. Most of these were of old vintage dating from 1869 to 1879. J. Pierpont Morgan bid in several cases from the bins representing both the St. James palace and the Buckingham palace cellars. So did Charles T. Yerkes and Foxhall Keene. Richard Croker's representatives bought 51 bottles of pale golden sherry from St. James palace, bottled in 1879. These will be shipped by Mr. Croker as a present to the Democratic club.

Reception to Kruger.

Rotterdam, June 26.—Mr. Kruger, president of the late South African republic, was welcomed at the railroad station on his arrival here by the burgomaster, deputations from numerous societies and many ladies. Two bands of music on a platform, played the Transvaal anthem and hundreds of workmen's societies with flags were drawn up along the streets leading from the station to the town hall, to which Mr. Kruger was driven, escorted by a guard of former Transvaal officers. An official reception followed. Great enthusiasm was manifested everywhere.

Trial of the Marquis.

Paris, June 26.—When the senate as a high court of justice reassembled, continuing the trial of Marquis De Lur-Sauvages, charged with treason, the public prosecutor, M. Bernard, resumed his speech, which was interrupted Tuesday by the adjournment of the court. He dwelt at length on the participation of the marquis in the intrigues of the anti-Republican leagues and demanded his punishment.

The Marquis De Lur-Sauvages was found guilty with extenuating circumstances and sentenced to five years' banishment.

Kaiser Places an Order Here.

New York, June 26.—It has been definitely settled that the German kaiser will have a new yacht built in this country. A firm in this city has received an order through the German embassy in Washington to design a yacht somewhat on the lines of the *Induna*, the American yacht now owned by the emperor. The new vessel will measure about 120 feet on the water line, which is 10 feet longer than the *Induna*. Other dimensions have not yet been decided upon and the designers have practically carte blanche.

Disastrous Fire.

Mayfield, Ky., June 26.—Fire destroyed property here worth probably \$200,000. Several tobacco handling houses, a large quantity of tobacco, a cooper shop and 32 small residences and business houses were destroyed. The principal loser was the tobacco warehouse firm of Ligon, Allen & Co., who lost 400 hogsheads of tobacco. Their loss was about \$50,000 with \$10,000 insurance. Scores of persons were rendered homeless by the fire and hundreds thrown out of employment.

By a Flash From the Clouds.

Charlotte, N. C., June 26.—While working in a field in Lincoln county, N. C., William Huss and one son were instantly killed and another son probably fatally injured by lightning.

CULVERT COLLAPSED,

Hurling a Limited Express on the Wabash Into a Deep Ravine.

STRUCTURE WEAKENED BY FLOODS.

Sixteen Italian Immigrants Killed
Outright and Fifty Passengers
Injured, a Few Fatally.
Story of the Wreck.

Peru, Ind., June 26.—Sixteen persons were killed and about 50 were seriously injured in the wreck of train No. 3, the west bound Wabash limited, nine miles west of this city. The dead were all emigrants, en route to Colorado. Many of the injured undoubtedly will die. The dead—Sixteen Italian emigrants, names unknown; interpreter missing.

Two sections of train No. 3, one coming from Detroit and the other from Toledo, were consolidated in this city into a train of 11 cars, making up the flyer for its journey to St. Louis. It consisted of a combination baggage and express, combination baggage and smoker, day coach, immigrant coach, three chair cars, three sleepers and the private car of General Superintendent William Cotten. Iron Mountain railway. Having left this city one hour late the train was speeding westward at a high rate, when, at a point nine miles west, the engine plunged through a trestle which had been undermined by the recent heavy rains. The embankment on both sides of the little stream dropped at a sharp degree a distance of 40 feet. Owing to the momentum of the train, the engine appeared to have leaped nearly across the abyss, plunged into the soft earth on the opposite side and fell back to the bottom. Engineer Butler and Fireman Adams were thrown from the cab but not seriously hurt. The express car and the first car were telescoped. The emigrant car followed by two chair cars went down on the left side of the track and first sleeper pitched forward upon the mass of debris. Its windows and trucks were broken but none of the occupants were injured. The remaining cars also left their trucks but were not badly damaged.

It was in the emigrant and day coaches that most of the deaths and injuries occurred.

Heavy foliage lined the banks on both sides of the culvert, the approach to which was over a "reverse curve." There was absolutely no means by which the engine crew could see the impending danger. In fact the engine ran out upon the trestle before the structure gave way. The night was intensely dark. For a few minutes after the fatal plunge and dreadful roar of crashing timbers a deathlike stillness prevailed which was only broken by the cries of the injured.

Trainmen caught up their lanterns and rushed to the neighboring farm houses for assistance. The farmers, with their wives and children, bearing torches, hastened to the scene and all efforts were bent to giving aid to the injured.

The Official Report.

St. Louis, June 26.—The official report of Division Superintendent E. A. Gould to President Ramsey of the Wabash system, states that 13 Italian emigrants were killed, three are supposed to be fatally injured, 11 seriously and 31 slightly bruised and scratched. Fifty-one of the the total number of injured and killed are passengers and seven are employees of the Wabash railroad. One woman, a passenger, is missing. The name of one of the dead has been obtained, that of Fannie Mulvey, address unknown. Mrs. Joe Grose, whose husband was badly injured and whose residence is not known, is missing. The fatally injured are: Luigi Venini, Mrs. Mattie Cruse, Costergate, Utah; an unknown Italian. The accident was caused by a washout at a culvert instead of a trestle as reported.

Four Men Missing.

Wilkesbarre, Pa., June 26.—A large breaker at No. 2 mine of the Delaware and Hudson company in the eastern part of the city was burned. The flames communicated to the head house and then extended down the shaft. The loss will be fully \$100,000. Seven hundred men and boys will be thrown out of work until the breaker is rebuilt. Condy Connor, Jake Bucks, Peter O'Donnell and John Bugdale, who were at work in No.

PERPLEXED

Are a Good Many Postmasters Over This Order—Carriers Limited to Eight Hours Work.

[Enquirer Special.]

The First Assistant Postmaster General has promulgated an order which is making the thousand or more postmasters of cities where free delivery is established "wrinkle" their brows and in many cases, doubtless, to give vent to unprintable language. It is no less than the Attorney General for the Postoffice Department has decided that the "forty-eight-hour" provision of the current appropriation bill expires on June 30, and after that date letter carriers must be worked eight hours a day for six days in the week, no more, no less. That means that under no circumstances can a carrier be worked more than eight hours a day. If he is out on his route delivering letters and finds his eight hours are up he must return to the office with his mail and notify the Superintendent of Carriers. The routes are to be arranged so that the carriers can, by diligent attention, cover them in eight hours, and any carrier found loitering or unnecessarily expending his time will be immediately removed from the service. Under the present law a carrier can be worked forty-eight hours a week so that all routes are covered, the overtime being charged in. Under the new law, which was in force prior to July 1, 1900, mail not delivered in eight hours will have to go over until the next day. This action has upset the schedules in every office in the country, and comes especially hard on large offices like New York, Cincinnati, Boston, Chicago and others, where the greatest difficulty is experienced in delivering the mail when the carriers can be worked more than eight hours a day, even though not more than forty-eight hours a week. The authority granted to postmasters to employ substitutes to assist carriers in completing deliveries is withdrawn. It is possible that the number of deliveries may be cut in the larger cities unless increases in the carrier force are allowed.

KENTUCKY CROPS.

Conditions Continue Favorable for Corn, Tobacco and Potatoes—Wheat Harvest in Progress.

[Weekly Bulletin of the Weather Bureau.] The week was warm, with local showers in the central and eastern portions of the State; in the western portion it was very dry. As a whole these conditions were very favorable.

The harvesting of wheat was nearly completed in the western portion under very favorable conditions, where the yield will be up to the average and quality excellent; but in the central and eastern portions it is not so good. It has been injured by the Hessian fly in some sections, and during the past week in localities it has been blown down and injured by heavy thunderstorms. Corn and tobacco have improved rapidly during the week. Rye is fairly good, but oats are short, although they have improved considerably.

Grass and clover have made great improvement. Irish potatoes and garden truck are quite promising. Apples continue to drop badly and will be a very light crop; other fruits are doing fairly well. Peaches are quite promising.

Farm work has been delayed in some sections by heavy local rains, but is generally fairly well up.

Some very heavy thunderstorms, with high winds and hail, occurred in the central and north-central portions, doing considerable damage to crops, but the area affected was not large. In Owen County several heads of houses were killed by lightning.

SKIDMORE'S STORY.

A Cincinnati Says Bishop, Alias Collins, the Blind Beggar, Is a Little Eccentric But All Right.

[Enquirer June 20th.]

A few days ago a mysterious man, who gave his name as George Collins, was arrested at Maysville, Ky., on the charge of begging. He was fairly well dressed and went from house to house pleading for something to eat. When he was searched at the Maysville jail the authorities were surprised when they discovered a gold watch of fine material and workmanship. Other articles of jewelry were also found on him.

Naturally the police of that city believed they had arrested a burglar and an effort was made to find out where the watch and jewelry came from. A Maysville officer came to this city with the watch. It developed that it was worth \$2,500 and was similar to one which had been stolen from the late C. P. Huntington, the railway magnate, a few years before his death. The Maysville police were highly elated over their supposed success.

Yesterday a room which Collins oc-

cupied in a hotel there was searched and in it was found a hattered valise that contained fifty \$2.50 gold pieces, besides a roll of greenbacks, in addition to other stuff.

The prisoner spurned all advances on the part of the Maysville authorities. He would not tell where he came from nor what he intended to do. He was a man of mystery. He conducted himself as a man who was not accustomed to the environments furnished by the jail. Hundreds of people looked at him in the hope of establishing his identity, but none had ever seen him before. It remained with H. B. Skidmore, who lives on Laurel street, this city, to vouchsafe the information that cleared up the mystery as to who the man really is.

Mr. Skidmore called at police headquarters last night and said the real name of Collins is Thomas Bishop, a wealthy man, but whose eccentricities are manifold. He is a warm personal friend of Mr. Skidmore, and stays with him when business brings him to this city.

Bishop formerly lived in Mexico, where he acquired a considerable fortune in gold mining. He is of a roving disposition, and has traveled from one end of the country to the other. He takes railroad trains as a mode of transportation and uses his legs instead. He dresses roughly, and this enables him to avoid too close scrutiny from men he may happen to meet on his travels.

According to the story of Mr. Skidmore he takes a delight in getting into such predicaments as the one which fell him at Maysville. He can draw on any bank in the country for any reasonable amount that he might desire. It was only recently that he showed up in Lawrenceburg, Ind., where he drew \$600 from the bank. He walked to this city and engaged quarters at one of the best downtown hotels. He became tired of that and hunted up Mr. Skidmore, whose guest he was until he suddenly disappeared.

He walked to Maysville, and Mr. Skidmore was surprised when he heard that Bishop, under the name of Collins, had been arrested there for begging. Mr. Skidmore was asked about the watch found on Bishop, and he said it had been made to order for Mr. Bishop. Mr. Skidmore will go to Maysville to-day and secure the release of his wealthy but eccentric friend.

Saves Two From Death.

"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Haviland, of Armonk, N. Y., "but, when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had consumption in an advanced stage also used this wonderful medicine and to-day she is perfectly well." Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infallible for coughs and colds. 50c. and \$1 bottles guaranteed by J. Jas. Wood & Son. Trial bottles free.

MATERIALISM.

The Great Danger That Besets the College Graduate, Says Rev. Dr. Grant.

NEW YORK, June 16.—The commencement exercises of the college of the City of New York was held to-day in the Episcopal Church of the Ascension. Rev. Dr. Percy Stickney Grant, the rector, delivered the sermon. In his address to the graduates he said among other things: "The great temptation which I believe will beset your path is materialism. We see about us men with immense wealth, here one possessing \$100,000,000, there one worth \$200,000,000 and another worth \$400,000,000. We find a man giving libraries to a city which should be ashamed to receive them, when it knows his name must be written across the building which he gives. The same man gives universities to a country which never asked for anything in university education, but an opportunity to earn it.

"Many of the men who have amassed great fortunes attach too much importance to the rough and ready spirit, which they believe to have aided them most materially. Mr. Schwab, we may conclude, has little confidence in education along higher lines as an assistance in business affairs.

"The men of millions have power. Wherever they throw the vast impulse of their capital the labors are accomplished. They have unlimited power. Young men see this, and what is the result? They throw themselves like fagots into the furnace of material production."

Mrs. Josephine De Moss, of Washington avenue, Newport, has issued invitations to the marriage of her daughter, Miss Josephine Calla, to Dr. Thomas Matthews Pearce on Wednesday evening, July 3, at 7:45 o'clock, at the Central Christian Church, Newport. Miss De Moss is a sister-in-law of Judge John D. Ellis, of Bellevue, and also a sister of Mrs. Mamie Hissem De Moss, the well known soprano of New York City. Miss De Moss is also a graduate of the College of Music in Cincinnati and has quite an enviable reputation as a singer. For the past few years she has been the leading soprano in the choir of the Central Christian Church of Newport.

SATIN STRIPE GRASS LINEN.

New and handsome for waists and skirts. The regular summer linen shade with satin stripes in striking color contrast. Unusually popular this season and very chic. 20c. a yard.

COTTON ETAMINE.

One is an open lattice weave, others are of closer mesh. Stylish and handsome. 35c. a yard.

Nearly every day something new slips into the cotton dress stock. You can't exhaust the possibilities of this store, ceaseless activity is our watchword.

Non-rusting hooks and eyes for wash clothes, 5c. a card. You'll use no other, once you realize the satisfaction of these.

Wash Taffeta Ribbon six inches wide, 25c. yard. This ribbon is in solid colors polka dotted, it also comes in pretty stripes. Launders perfectly—is very soft and pliable—ties closely, preserving the contour of the neck, which well dressed women realize is a necessity for style and good effect.

MRS. MARY PEED.

Death Claimed This Good Woman Shortly After 7 O'Clock Last Evening—Funeral Friday at Mayslick.

In the death of Mrs. Mary Peed this city loses one of its noble Christian women, one who in all the relations of life ever enjoyed the love and respect of those who were fortunate enough to be numbered among her acquaintances.

The end came at 7:15 o'clock last evening at the home of her daughter, Mrs. Mary Slack, of Forest avenue. Fourteen weeks ago she was stricken with an attack of the grip and had been gradually declining ever since. For weeks she had lingered, as it were, on the shores of life, her death being expected almost daily. No sainted mother ever received more devoted care and attention from loved ones than did she; her children were ever near to minister to her every want, and she was blessed with a consciousness of these tender ministrations almost to the very close of her long life. Peacefully the end came, and this good woman is numbered with the departed.

Mrs. Mary (Calvert) Peed was born near Lewisburg Feb. 14, 1819, and was consequently in her eighty-third year. She was a daughter of James Calvert, and was the last of a family of ten children. On Aug. 6th, 1834, she was united in marriage to Alfred Marshall Peed, and to this union were born twelve children, six sons and six daughters, only five of whom survive—Mrs. B. F. Clift and Mrs. Mary Slack, of Forest avenue, John J. of Millersburg, Jos. D. of Mayslick, and William, of Carlisle. Her husband died in December, 1892. She leaves a large circle of relatives and friends throughout the city and county.

Mrs. Peed was one of the oldest members of the Baptist Church in this county.

The funeral will take place at the Mayslick Church Friday at 11 o'clock, Rev. Dr. J. W. Porter officiating. Burial in the Mayslick Cemetery.

Didnt Marry for Money.

The Boston man, who lately married a sickly rich young woman, is happy now, for he got Dr. King's New Life Pill, which restored her to perfect health. Infallible for jaundice, biliousness, malaria, fever and ague and all liver and stomach troubles. Gentle, but effective. Only 25c. at J. Jas. Wood & Son's drug store.

Mr. D. C. Frazee, formerly of this city, has been elected Financial Agent for the State College at Lexington, succeeding Prof. Munsey.

FOR SALE.

FOR SALE—Three hundred thousand late cabbage plants and 100,000 celery plants at the North Fork garden on the Lexington pike.

FOR SALE—A farm of 183 1/2 acres. Good stock and well situated, good tobacco ground; about thirty-five acres timbered land. In Campbell County, seventeen miles from Newport. Good pike, and five miles from the C. & O. R. R. Will sell for \$25 per acre. J. J. STEVENS, Kane P. O., Campbell Co., Ky.

FOR SALE—A very desirable residence of six rooms, gas and water. Apply to MRS. M. F. GILMORE, 307 Limestone street. 2-dft.

CHILDS-BENDEL NUPTIALS.

The First Presbyterian Church the Scene of Pretty June Wedding Thursday Afternoon at 2 O'clock.

The First Presbyterian Church was the scene of a very pretty June wedding Thursday afternoon at 2 o'clock, the happy couple being Mr. James Childs and Miss Regina Bendel.

The large and handsome auditorium was beautifully decorated with palms and a profusion of daisies, with vines intertwining. The entire seating capacity was early taken, relatives and friends being present in large numbers to witness the ceremony and unite in sincere good wishes for the continued happiness of this most worthy young couple.

The accomplished wife of the pastor, Rev. Dr. Barbour, presided at the organ. Messrs. George H. Frank, Conrad Traxel, Charles Dieterich and Arthur Helmier officiated as ushers. Promptly at 2 o'clock the bridal party entered and approached the altar, preceded by the ushers and the bride's sister, Miss Elna, who carried the wedding ring. The impressive nuptial ceremony was pronounced by Dr. Barbour.

The bride was gowned in white organdy over white taffeta silk, en train, chiffon trimmings, and wore a Gainsborough hat to match. She carried a bouquet of Bride roses. She is the oldest daughter of Mrs. Amelia Bendel, and is numbered among the city's most estimable young ladies.

The bride's sister Elna wore a dress of white organdy, with hat to match, and carried pink roses.

The groom is a clerk at the Bank of Maysville and is one of the city's most worthy young men.

Mr. and Mrs. Childs left on the 4:30 train for a trip to the Buffalo Exposition and other points in the East. On their return they will go to housekeeping in a new home at 208 West Third street.

Egg phosphate and all the popular soda water drinks at Ray's soda fountain.

The entertainment given at the M. E. Church, Third street, last evening was largely attended and was a very enjoyable affair. The receipts amounted to about \$54.

At the coming term of the Fleming Circuit Court there will be three murder cases for trial, Charles Gaskins, Wm. Thacker and Jas. Page being the defendants.

G. W. Rogers & Co., No. 127 Market street, Maysville, is the place to get pure, straight two-stamp "guaranteed" whiskies, brandies and gins, California wines &c. No spirits or rectified goods sold. Best \$2 whisky on earth.

Warren W. Stoner, of Kansas City, a son of the late Robert G. Stoner, of Bourbon County, is under arrest in Chicago for attempting to cash a draft purporting to have been drawn by a Topeka bank on its New York correspondent.

At the First Presbyterian Church tonight there will be a missionary talk by Miss Margaret Cort, a teacher at Manchester, Ky. She has had some thrilling experiences with some of the rough characters of her mountain field. All are invited to hear her—including the children, for whom she will have something interesting.

THE HALF HAS NOT BEEN TOLD!

The Frank Owene Hardware Company the other day received a shipment of 1,400 screen doors and 300 windows, being part of a consignment of 2,000 pieces due to arrive by the first of April. This would seem to afford an effective barrier to all summer pests that have wings, at least for Mason County, but owing to the large wholesale trade enjoyed by the concern, much of this invoice will find its way into other territory, due to the fact that, because of large purchases direct from first hands, these merchants are in a position to sell small dealers right under the very noses of large jobbers from the metropolis.—*News Item in Bulletin, March 23rd.*

Never before in the history of this house has our sales of Screen goods reached the proportions they have assumed this season. Since the subjoined item was printed we have received two additional big shipments and have again sold out. Our fourth order is now in the manufacturer's hands and the goods are expected daily. Those who put off buying Screens until now are invited to place their order with us. We can supply you with better-made goods at a lower price than ever before. Wire Cloth for making your own Screens in unlimited quantity.

A Chemical Life Preserver.

Professor Sharpe's plan is to inclose in an airtight rubber vest some calcium carbide and also in a separate receptacle a little water which by a special contrivance may be liberated. Such a garment may be worn without inconvenience at all times, and in case of need it can be inflated by causing acetylene gas to be generated in its interior.

Ice Shock for Hiccoughs.

Ice has been used with success in a Pennsylvania hospital as a remedy for hiccoughs. It is applied in small pieces to various parts of the body. In the case of one patient, on whom every means to stop the hiccoughs had been tried as a last resort a piece of ice was placed on his stomach when he was not expecting it. It is the application of the simple, old-fashioned cure of "scaring the hiccoughs away." The man was so frightened that he stopped the spasmodic coughing at once.—*Ledger Monthly.*
